

Re: S.2648 (Biden II)  
Title I

NANGLE'S MOTION RE PECKHAM STATEMENT

I respectfully move to amend the last paragraph of the Peckham memo by deleting therefrom the last sentence and substituting in lieu thereof the following sentence:

For the reasons and in the respects set forth in detail above, the Executive Committee of the Judicial Conference is in agreement with the purposes of the proposed legislation that are consistent with the Judicial Conference March 13 policy statement and the 14-point program adopted in late April. However, we respectfully urge the withdrawal of Title I of S.2648 because:

- 1) it will result in unnecessary micromanagement of and intrusion into the procedures of the district courts,
- 2) it circumvents the rules enacting procedures presently in place, and
- 3) the Judicial Conference has adopted and is presently implementing a program which will accomplish the purposes of S.2648.
