Abel,

Here are a couple of copies of our advisory committee report and the plan for the district of Utah. We have sent directly to Mr. Mecham also and will be sending to the other pilot districts directly as well as to the necessary folks within our circuit.

I have been asked to assist Dan Thomas of Atlanta in a CJRA workshop during the Chief Deputies Seminar later this month. I'd appreciate any summary material that you might have available so that I would be accurate on matters such as the scope of the Rand Corporation review etc. I'll call you in a few days.

Thanks
